## EDUCATION

---

### Tecnológico de Monterrey

*B.S. in Computer Science and Technology*

Monterrey, MX

Aug. 2021 – Dec. 2025

## PROJECTS

---

### VisionDoc App

*SwiftUI*

Feb. 2024 – Jun. 2024

- Developed a VisionOS app tailored for medical students.
- The app allowed students to visualize and interact with 3D models of human anatomy.
- Incorporated mixed and virtual reality features.

### Cloud Native Website and Telegram Bot

*Java, Maven, Kubernetes, Docker, React, SQL, Spring Boot*

Jun. 2024 – Dec. 2024

- Developed a cloud-based application using Oracle Cloud Services, integrating a Telegram bot and React-based frontend.
- Enabled users to work with agile methodology, adding, viewing, and editing sprint tasks.
- Implemented backend functionality with Java and Spring Boot.
- Configured login credentials using Spring Boot Security with Oracle Autonomous Database.
- Applied microservices architecture with Kubernetes and Docker for scalability and availability.
- Helped develop the Telegram bot to allow users to create, edit, and remove tasks.

### Portfolio Website

*Next.js, Resend*

May 2024 – Jul. 2024

- Built a portfolio website using Next.js framework.
- Integrated Resend to allow visitors to send emails through the website.
- Managed custom domain configuration.
- Enhanced understanding of Next.js components and framework structure.

## LEADERSHIP AND ACTIVITIES

---

### SwiftTec Public Relationships Coordinator

*Organized social and conference events.*

Jun. 2024 – Dec. 2024

- Handled public announcements to promote events.

### VisionOS Workshop | *SwiftUI*

*Conducted a course on app development for Apple VisionPro.*

Jun. 2024

- Enabled users to scan objects from their phone and view them in 3D in Mixed Reality.

### Staff at SwiftTec Developer's Conference

*Ensured smooth operation of the developer conference.*

Nov. 2024

## SKILLS

---

**Languages:** Java, Python, C++, JavaScript, HTML/CSS, Swift

**Frameworks:** Next.js, Node.js, React, Spring Boot, .NET, SwiftUI, Unity

**Developer Tools:** Git, Docker, Kubernetes, Oracle Cloud Infrastructure, VS Code, Maven

**Soft Skills:** Negotiation, Empathy, Leadership, Conflict Resolution, Emotional Intelligence, Teamwork, Communication
